---

Dear Austal USA Supplier –

As the Coronavirus (COVID-19) and its impact continue to evolve and develop, we remain focused on the health and safety of our employees, as well as our commitment to you, our suppliers. We are closely monitoring the changing situation, and complying with public health guidance. We hope all of you are doing what you can to protect yourself, your family, friends and your community.

Communication is key; therefore, we have set up an email address, [supplierinfo@austalusa.com](mailto:supplierinfo@austalusa.com), that we encourage our suppliers to utilize during this period. Please send us any updates to your business capabilities and closures. All pertinent information about Austal USA (AUSA) will be communicated to you thru this channel as well. It is imperative that we stay in touch with our suppliers to manage our production schedule. As a U.S. Navy Contractor, keeping our production line on schedule is critical. Austal is relying on the continued support of you, our suppliers, to ensure this takes place. Please communicate any disruptions to your production/service capabilities as soon as possible.

AUSA Supply Chain Representatives will be continuously monitoring this account. If you need to speak to your specific commodity manager, particularly after normal business hours, please use the table below for contact information.
